Subject: Portland supports a balanced river cleanup

My name is (b) (6) and I work at EVRAZ OREGON STEEL in the Portland Harbor , which is part of the EPA Superfund Site. EVRAZ has made proudly made steel in the Harbor area over 70 years, and operates a Rolling mill producing steel and coil and plate for customer across the country. The Harbor supports 30,000 jobs, including mine. EVRAZ is committed to a river cleanup, and the EPA cleanup plan but must be one that protects the public health and the health of local businesses, workers, taxpayers, and utility ratepayers. Please consider a reasonable cost to the cleanup plan so that the Harbor can be cleaned up in a cost -effective manner.

Sincerely,

(b) (6)
